# SwapCycle – Physical Kanban Board Kit

Print on A4. Pages 2–6 are column headers; tape them across the top of the whiteboard and draw vertical lines between them with a marker. The remaining pages are cards – print them in colour (or on white paper and colour the stripe), cut them out and stick them with tape or magnets.

## Set-up

1. Put the five headers along the top: TO DO · IN PROGRESS · IN REVIEW · DONE, and BACKLOG along the bottom.
2. Write the sprint name and dates in the top-left corner (e.g. "Sprint 2 – 19 Oct to ...").
3. Place every card in its current column. For Sprint 1 that means all 41 task cards in DONE and the 24 story cards in BACKLOG.
4. Take a photo now. Make sure your phone saves the date and time, or write today's date on the board so it shows in the photo.

## During the sprint

1. At each stand-up (two per week), every member moves their own cards and says what they did, what's next and any blockers.
2. Take a photo at the start, middle and end of the sprint, and after any big change.
3. Keep Jira the same as the board: when a card moves on the wall, move it in Jira too.

## Card colours (one per feature)

- Accounts – Sayed Ahmed
- Wishlists – Amir
- Direct Exchange – Sayed Mohammed
- Completion Confirmation – Sayed Mohammed
- Physical Book Listings – Sayed Ali
- Search & Filter – Yousif
- In-App Communication & Meeting Arrangement – Yousif
- Feedback / User-Rating – Kareem
- Non-functional requirements – Kareem, Amir, Yousif

User story cards (1–12 of 24) – cut along the lines

## SCRUM-14

STORY

As a user, I want to be able to rate my exchange experience using a 5-star system so others can know how my experience went this particular exchange.

**Feedback / User-Rating**
Owner: Kareem

## SCRUM-19

STORY

As a user I want to have a wishlist so that I can view the books I want in one place.

**Wishlists**
Owner: Amir

## SCRUM-24

STORY

As a user, I want a list of physical book listings that are real and connected to a library database.

**Physical Book Listings**
Owner: Sayed Ali

## SCRUM-25

STORY

As a user, I want each book to display its title, author & contributors, publisher, publishing date, genre, International Standard Book Number (ISB…

**Physical Book Listings**
Owner: Sayed Ali

## SCRUM-26

STORY

As a user, I want to be able to select a book and choose whether I own it or I wish-list it.

**Physical Book Listings**
Owner: Sayed Ali

## SCRUM-35

STORY

As a user, I want to be able to schedule a meetup with another user so that we can exchange books at a convenient time and place.

**In-App Communication & Meeting Arrangement**
Owner: Yousif

## SCRUM-36

STORY

As a user, I want to be able to message other users in the app so that we can discuss and confirm book swap details.

**In-App Communication & Meeting Arrangement**
Owner: Yousif

## SCRUM-37

STORY

As a user, I want to receive notifications about meetup confirmations or changes so that I can stay updated on my scheduled book exchanges.

**In-App Communication & Meeting Arrangement**
Owner: Yousif

## SCRUM-38

STORY

As a user, I want to search for books by title, author, or genre so that I can quickly find books I am interested in swapping.

**Search & Filter**
Owner: Yousif

## SCRUM-39

STORY

As a user, I want to filter books by genre, condition, or availability so that I can find books that match my preferences.

**Search & Filter**
Owner: Yousif

## SCRUM-40

STORY

As a user, I want to sort search results by newest listings or popularity so that I can easily discover relevant books.

**Search & Filter**
Owner: Yousif

## SCRUM-41

STORY

As a user I want to add books to wishlist.

**Wishlists**
Owner: Amir

User story cards (13–24 of 24) – cut along the lines

## SCRUM-43

STORY

As a user I want to search and filter my wishlist.

**Wishlists**
